NAME AND STUDENT NUMBER: Alan Farrell - 21329721	PROJECT NAME: Coverage and capacity analysus of Low earth orbit satellites
SUPERVISOR: DR Mustafa Kishk	PROJECT LOCATION:Maynooth University

BRIEF DESCRIPTION OF PROJECT
To study the capacity of low earth orbit satellites and the internet they can deliver to rural areas, involving simulation of coverage.

Hazards, Risk [High(H) Medium (M) Low (L)], and Control Measures

HAZARD	Risk	Controls
Eye strain / fatigue from long hours at computer	L	Take regular breaks,ensure proper lighting and monitor ergonomics
Data loss or corruption	L	Make regular backups
Mental stress from project deadlines	L	Plan project timeline carefully, break tasks into manageable pieces, communicate with supervisor if needed
Repetitive strain injury (typing/mouse use)	L	Use ergonomic keyboard/mouse, stretch hands/wrists periodically

Identified risks should be discussed with your supervisor and a safe system of work agreed. A more in-depth risk assessment may be required after initial review. Do not proceed until form is signed off.

WEEE Compliance & Recycling: Indicate below how you intend to manage and dispose of your project's material during and post project work.

n/a – Project is simulation based

Further Controls Required
